Welcome to **CougarCS**, the University of Houston's largest Computer Science organization.

Our mission is to transition students into young professionals, foster a community of knowledge sharing and personal growth, connect students with one another, and provide career guidance and academic support for all UH students.

We hold regular events such as technology workshops, career development sessions, company-partner events, and socials aimed to get students hands-on with in-demand skills, put students in front of companies and recruiters, and create a community around technology.

CougarCS is proud to present
Houston's premier hackathon,
CodeRED

CodeRED is a 24-hour innovation event held at the University of Houston where students come from far and wide to demonstrate their software engineering abilities, experiment with new technologies, and solve real-world problems.

CodeRED will take place virtually this October 2nd to 3rd. Sign up on our website below! Even if you think you'll lose, participation provides a quality experience and looks great on your resume! Come have fun with us!

Join us this Fall 2021 for **CodeRED: Artemis**! Registration opens in July!

<https://uhcode.red/>

What does **CougarCS** offer?

CougarCS x Company partner events aimed to give students corporate insight and connect young professionals with recruiters for all students. Companies have included Microsoft, Google, Gartner, HPE, Accenture, ConocoPhillips, Credera, Citi Technology, Pariveda Solutions, PROS, and many more.

The **CougarCS Tutoring Platform**. CougarCS provides free peer-to-peer tutoring accessible to all students, UH and beyond. We offer in-person tutoring as well as the virtual [CougarCS Tutoring Discord](#) where students can get help any time of day all from the convenience of their computer.

Professional Development and Technical Workshop events to provide all students hands-on experience with in-demand and marketable skills all while leveling up their resume, interview, and soft skills.

Professional Development events such as Career Bootcamp where we offer resume and LinkedIn reviews, mock interviews, and free professional photos to get students confident for the career fair; as well as interview preparation and networking events.

Technical Workshops on hot skills over concepts such as full-stack software development, popular tools and frameworks, cloud, and gaming. Past events included introductions to AWS, full-stack application development, data science, and competitive programming.

Social and Community events to bring like-minded and ambitious people to kick back, have fun, play games and give back to the community. CougarCS hosts events such as game nights & tournaments, social study & chills, general meetings, and volunteer drives.

Have ideas on what else we should do?

Become a Member

CougarCS Membership is affordably priced at **\$25/semester** or **\$40/year**. Register for membership on our website (<https://cougarcs.com/register>), and contact treasurer@cougarcs.com for questions and alternative payment options!

However, there are other ways to become a member...

Get Involved with **CougarCS**

People who volunteer and collaborate with CougarCS gain free membership, have the opportunity to earn UH accredited volunteer hours, and are eligible for CougarCS Certificates of Excellence and scholarships.

Join the **CougarCS** *Tutoring Team*

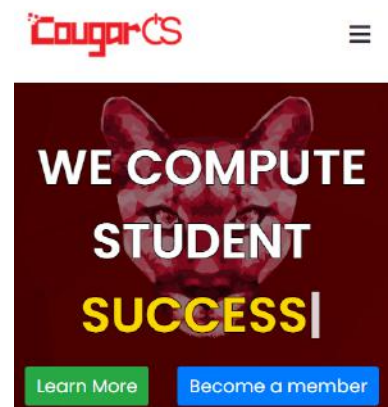

If you'd like to develop your soft and technical skills, polish your resume, set yourself up for TA/Mentor positions, and give back to the student community, you should apply to become a tutor today. Reach out to our Director of Tutoring [@Matt - Tutoring](#) on Discord or contact him at tutoring@cougarcs.com!

Join the **CougarCS** Web Dev Committee

Curious how modern websites are made and maintained? Want to work on a diverse team of talented students? Apply to join the CougarCS Web Dev Committee today! Our team is responsible for the maintenance and evolution of the CougarCS website and more.

Come experience a professional work environment with project management and code reviews and work with industry leading tools in front- and back-end programming. Message [@Kevin - Web Master](#) on Discord or webmaster@cougarcs.com to learn more and apply!

Join the **CougarCS** *Outreach Team*

Have a passion for human connection? Want to play a critical role in the success and growth of CougarCS? Come join the CougarCS Outreach Team! Our mission is to spread awareness of our organization and offerings.

Grow connections with professors, develop public speaking skills, and make meaningful contributions to CougarCS. Reach out to Ahmed Qureshi at [@Ahmed - Communications](#) on Discord or communications@cougarcs.com to learn more and apply!

Become A **CougarCS** Producer!

What do we do?

The CougarCS Production Team is tasked to run events smoothly and do the behind-the-scenes work that makes it all happen. We're responsible for attendance, catering, event logistics, event coordination and event live streaming on various platforms.

What will you do?

As a producer, you will learn how to plan, organize, and successfully run CougarCS events in our collaborative environment. You will gain experience coordinating with sponsors, running the official CougarCS Twitch and YouTube channels, conducting logistics analysis and much more! This team offers a unique opportunity to directly and tangibly help the organization as well as giving back to the student community. Experience with Twitch Streaming, YouTube Studio, and/or OBS is a plus!

Will you do it?

Reach out to [@Adharsh - Operation](#) on the Official CougarCS Discord or email him at operations@cougarcs.com to apply today!
